We Are The Professional's Choice

H2O Drying Solutions is a full service water damage and property restoration company. When a property needs to be restored from water damage, mold contamination, or cleaned up after a foreclosure we are your one call solution. H2O is the preferred vendor of insurance and property management professionals, contractors, investors and property owners in the Carolinas.

Water Damage Restoration

H2O Drying Solutions has made a name for themselves in the area of water damage restoration as high speed drying experts.

With directed heat drying technology H2O is able to dry homes in 1/3 the time of conventional drying companies. Most jobs are completed in just 24 -30 hours.

Our high speed drying expertise saves you time and money by avoiding structural damage, drying difficult to reach areas, and removing excess moisture before mold begins to grow.

Mold Remediation

Mold is everywhere and in recent years much attention has been drawn to the health effects that can occur when molds grow indoor. H2O staffs IICRC trained and certified mold removal technicians and follows S520 guidelines. By following these best practices for removal of the mold we make sure the problem does not return or contaminate other areas. Free estimates are available for remediation projects.

Duct Cleaning

Did you know that indoor airborne dust can create many upper respiratory problems.

The solution is simple.

Call the professionals at H2O to thoroughly clean and decontaminate your entire duct work system.
